### T H A N K Y O U!

To all our customer friends, we wish to take this opportunity to thank you for the fine orders sent us in 1944. We have received many letters and cards with words of praise for the bulbs you received and telling of the good growth and fine blooms from them, and we do appreciate this. We try to send out the Finest Bulbs of the Finest Varieties and we are proud to know that our customers appreciate this.

To new customers we wish to state that we will try to please you to the best of our ability with some very fine bulbs, of some of the finest varieties. We cannot grow all of the varieties coming on the market, but we do try most of them in our test garden, and pick the best to catalog for your gardens.

The past year was very trying in many places as the weather was very hot and dry, but on the whole most varieties came through with flying colors. Some of the newer varieties that gave outstanding blooms this year were, Marjorie De Cou, Big Top, Jeanie, Glamis, White Gold, Corona, Elizabeth Maier, Harmau, Francis M. Irwin, Stella Antisdale, Lois, King Click, Ohio-Non-Pareil, Leading Lady, Oregon Gold, Purple Supreme, Southern-Drama, and Birmingham Beauty.

**Elizabeth Maier** with only a few large bulbs in circulation, being it's first year of introduction, won with most open florets at the Central Illinois Reg. Show, first at the Elmira, N. Y. Reg. Show, (1st at New York and 1st at Indiana.) This Glad is the yellow that's hard to beat. **Birmingham Beauty** is a real beauty, very heavily ruffled in a beautiful shade of pink, with a very strong stem. **Veronica Pfeiffer** with its beautiful large blooms and subtle coloring is a dream. **Wolverine State** is always straight and opens so many perfectly placed blooms that it should make a top notch cut flower. It's also a swell propagator and keeper.

### Order Your Bulbs Early!

Last year many people were scrambling for bulbs towards spring with very few to be had. Order yours early and avoid disappointment.

Orders from retail list are prepaid to all points in U. S. A. No orders for less than \$2.00 will be accepted. No single item less than 20c. We do not accept stamps.

....

## GUARANTEE

We guarantee all bulbs and bulblets purchased from us to be true to name, full size, and free of disease and insects. We will replace stock or refund purchase price, on any bulbs or bulblets purchased from us, that do not meet above guarantee, except that we do not guarantee bulblets to grow, nor as to the bulbs you harvest, as some ground may be infected by disease.

Our bulbs are State inspected in the field and in storage.

....

## SIZES OF BULBS

**Large Bulbs** are  $1\frac{1}{4}$ " in diameter or more, and give the largest spikes.

**Medium Bulbs** are  $\frac{3}{4}$ " to  $1\frac{1}{4}$ " in diameter. These bloom excellently, often as well as large, but somewhat later.

**Small Bulbs** average  $\frac{1}{2}$ " in diameter and often bloom, but with smaller spike.

....

## Discount on Retail Prepaid Items Accompanied by Cash in Full.

We give liberal count and extras that we know will please you.

Packages of Bulblets contain 50 to 100 or more. They are a real good value.

Three or more bulbs may be purchased at the 10 rate if total item not less than 20c.

All stock offered, and orders accepted, subject to prior sales. Prices subject to change without notice.

1945 Maier Introduction

## Madeleine Brown

(Seedling No. 141) (Tip Top x Emile Aubrun). Beautifully Ruffled Deep Salmon, somewhat lighter in the throat which is faintly marked Scarlet. Blooms are 5 1/4 inches 18 to 20 of them, with 7 to 8 open. Tall strong grower with the stems always straight and stiff. Good propagator. Extra good keeping qualities when cut.

**\$1.50 any size (5 for \$6.00)**  
**Bulblets 10 for \$1.50 (not less than 10 sold)**

**100 for \$10.00 (No Discount)**

Grand Champion and American Home Achievement Medal 1944 S.E.M.G.S. Show. Honorable Mention at Elmira, N. Y. Show (1st step to award of merit which takes 3 years).

MADELEINE BROWN resembles Picardy except that the color is deeper. It never crooks or grows stubby spikes as Picardy does. It is healthy of bulb and plant, and has been grown in quantity for a good number of years. It has been grown in many sections of the country, and reports indicate that it has far surpassed Picardy in the same fields in every way.

Your variety 141 is the best that you sent. It sure does resemble Picardy. The throat just a shade deeper and each one a perfect bloom, all tall, no dwarf ones like in Picardy. It sure ought to go places, and I do prefer it way over Picardy.

DIRK KROOM  
Woodland, Wash.

Legion Trial Gardens  
Mr. E. A. Lins reports:

Seedling 141 (Madeleine Brown) was planted in same field this year (1942) as Picardy. I could not cut any Picardy, they were very poor, but 141 were all tall and straight and heat did not seem to affect them. 141 has always done fine here.

ELIZABETH MAIER had 17 buds showing color before 1st floret opened, then opened 11 in 24 hours all at once and held lowest floret good for 48 hours or more including travel to show and heat. It is the best yellow in America. Am proud to be growing it.

J. R. Hopkins, Deerfield, Ill.

ELIZABETH MAIER surpasses them all, and if the colored picture I have recently taken of one with SIXTEEN open turns out, I shall see that you get a print. H. M. Sherman Jr., New York, N. Y.

ELIZABETH MAIER was grand for us too. It is a very outstanding variety. It was our most outstanding new variety last season.

J. H. Heberling, Easton, Ill.

I had a lot of very fine spikes from the bulbs I bought last year, but of all the varieties, I like Marjorie de Cou best. It was a perfect spike, and the most beautiful color in the garden.

MR. J. W., Pontiac, Mich.

Received my order for bulbs in good condition. I want to thank you for the liberal count and extras. Never bought finer looking bulbs from anyone.

MR. C. M. P., Lafayette, Ind.

The bulbs that I had from you last year were wonderful. We have never had such spikes and blooms as the ones from your bulbs. Will sure want more of them this year. MRS. E. J. S., Boonton, N. J.

### JOIN A GLADIOLUS SOCIETY

Persons interested in the growing of gladiolus, should join a society. The benefits and information received are worth much more than the dues. Some of the societies issue regular publications such as bulletins and year books. Others conduct trial gardens and issue reports on the varieties grown. They all conduct shows.
